SS 1 Mathematics: First Term Scheme of Work

A sample 12-week plan for teachers, linked to AfriLearn lessons and CBT practice. Adapt it to your school's curriculum.

Subject	Class	Term	Weeks
Mathematics	**SS 1**	**First term**	**12**

Week	Topic	Students should be able to	On AfriLearn
1	**Number bases**	Convert between base ten and bases two to nine; add and subtract in other bases.	CBT practice: Number bases
2	**Modular arithmetic**	Work with clock (modulo) arithmetic and simple applications.	
3	**Indices**	Apply the laws of indices, including zero, negative and fractional indices.	CBT practice: Indices
4	**Logarithms**	Use the laws of logarithms and logarithm tables to simplify and calculate.	CBT practice: Logarithms
5	**Sets**	Use set notation, Venn diagrams and solve two-set problems.	CBT practice: Sets
6	**Simple equations and variation**	Solve linear equations; direct, inverse and joint variation.	
7	**Mid-term test and review**	Continuous assessment on weeks 1 to 6.	Classroom test from the question bank
8	**Quadratic equations (1)**	Standard form; solving by factorisation.	Quadratic Equations Made Simple, lessons 1 and 2
9	**Quadratic equations (2)**	Completing the square and the quadratic formula.	Quadratic Equations Made Simple, lessons 3 and 4
10	**Quadratic equations (3)**	Word problems that lead to quadratic equations.	Quadratic Equations Made Simple, lesson 5
11	**Revision**	Mixed practice in WAEC and NECO style.	Timed mock in the CBT Centre
12	**Examination**	End of term examination.	

This is a sample plan. Check it against your state's approved curriculum and your school calendar before use.
